A technically astute individual with a genuine interest in developing career within software engineering. Dedicated the last 4 years to reinforcing knowledge through self-learning and currently working as a Junior Developer where skills have been applied and stretched. A supportive Graphic Design qualification to compliment website development, which has been applied effectively and proved to be highly useful, during current role. Confidence in technical know-how, incorporating strong methodical ability and practical thinking allowing for the confident execution of issue analysis, programming and project execution. Loyal and committed with a developed spectrum of transferable skills including customer service, user requirements and software solutions.

AREAS OF EXPERTISE

Object Oriented Programming Concepts	Technical Solutions	Problem Solving & Resolution
Design, Coding & Development	Test Applications	Version Control Concepts
Agile Methodology	Development Lifecycles	Development Tools
Set Deadlines & Budgets	Programming Languages	Project Execution

TECHNICAL SKILLS SUMMARY

HTML | CSS | JavaScript | jQuery | Adobe PhotoShop | Adobe Illustrator | PHP | Codeigniter | Twitter Bootstrap
SEO | OSX | Windows | Microsoft Office

KEY ACHIEVEMENTS

- Successfully indulged in self-teaching of various technical subjects to support career development, inclusive of HTML, CSS, Javascript and jQuery
- Positively set up and ran a mobile therapeutic massage service business as a qualified therapist, holding responsibility for business growth and success on every level
- Achieved a double Distinction and single Merit for BTEC National Diploma on completion of the course

WORK EXPERIENCE

Digital Select

February 2016 to February 2017

Junior Developer

- ☐ Collaborated with leads, architects and additional team members to develop further understanding of all layers of the stack, programming paradigms and practices within software development processes
- ☐ Identified components of the application and infrastructure within the domain and provided emphasis on a single layer, language and tool set of the stack
- ☐ Assisted in the gathering and documentation of user requirements, development of user stories and prepared estimates
- ☐ Contributed to the preparation of reports, manuals and other documentation to support the operation and maintenance of software
- ☐ Ensured questions were presented to support clarification of any ambiguity within an idea or process and continued to evaluate, assess and recommend software solutions
- ☐ Designed and collated model solutions to suit problems within the domain and identified bugs and fixes, consistently honing skills towards software engineering
- ☐ Analysed and sought to resolve technical and application issues, maintaining adherence towards development principles within set timeframes and budgets

Pizza Hut Delivery

2006 to 2016

Shift Manager/Driver (Full & Part-Time)

- ☐ Developed internal staff to support customer service and delivery provisions through effective management and shift scheduling, ensuring high levels of accuracy
- ☐ Maintained financial records, health and safety elements and staff training and development in both management and general worker capacities
- ☐ Oversaw the quality management of food items and preparation environment, in addition to maintaining stock levels and managing deliveries
- ☐ Assured good geographical knowledge of local area to support timely deliveries of hot food to paying customers

- ☐ Continually maintained and encouraged quality customer service amongst all staff and drivers to maintain business reputation and secure repeat business

WORK EXPERIENCE CONTINUED.

iMessage

2012 to 2015

Massage Therapist (Self-Employed)

- ☐ Ran own small business as a qualified Therapist, establishing and developing a client base through home visits and for scheduled appointments through the renting of space in salons
- ☐ Implemented a comprehensive business plan and sought to maintain high sales targets, matching supply and demand through stock control and management
- ☐ Handled all tax issues and kept stringent records, and promoted the business through effective marketing and advertising campaigns in the local area

Additional work experience includes Eco Advisor for Powerforce Ltd from February 2014 to May 2014.
